Can't....For the Senior tributes you get ½ page only.

Just What Are These Tributes?

Starting with the class of 2008, tributes have been half-page in size, and each senior gets (exactly) one. They usually contain text and photos from the family. The photos can be either color or black and white (or some of each). There are examples at the bottom of this page.

For Johnny's Sr. Page, there is no limit on words for tribute. More words = smaller print!
